DIRECTORS REPORT TO THE SHAREHOLDERS

Accounts for the half year ended December 31, 2020 show a loss of Rupees 1.63 million, as compared to loss of Rupees 4.21 million in the corresponding period in 2019. This loss has been reduced by rupees 6.00 Million on account of appreciation in rupees against US Dollars resulting its impact on our liabilities with financial institution. This loss is primarily attributed due to the borrowing cost, legal and professional expenses and the cost of minimum staff required for the managing the corporate and financial affairs of the company.

The management is in the process of implementing the closure plan approved by the BOD and Shareholders. There were two parts of this plan i.e. Disposal of Assets and Future Business plan. As far as the Disposal of Assets is concerned, all the payments against disposal of assets have been received.

With regards to the Future Business Plan it was contingent upon settlement of liabilities with financial institutions and any surplus realized thereof. In this regard the progress has been very slow as we are still under litigation with the concerned financial institutions. This inordinate delay in settlement of liabilities has not only resulted in non-implementation of the business plan but has also resulted in additional operational costs without any business activity. Although, our Legal advisors are fairly optimistic on a favorable outcome in all pending cases the timelines for the same are very difficult to predict. In view the same, the implementation of any future business plan will be explored on realization of any surplus of funds, after full and final settlement all outstanding liabilities with the financial institutions.

In the meanwhile, we remain focused on cost controls, early settlements of legal cases and every possible effort is being made to curtail and keep the expenses to a minimum level.

For and on behalf of the Board

Our responsibility is to express a conclusion on these condensed interim financial statements based on our review. The figures of the condensed interim statement of profit or loss and condensed interim statement of comprehensive income for the quarters ended 31 December 2020 and 31 December 2019 have not been reviewed and we do not express a conclusion on them as we are required to review only the cumulative figures for the six-month period ended 31 December 2020.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of condensed interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed interim financial statements are not prepared, in all material respects, in accordance with approved accounting standards as applicable in Pakistan for interim financial reporting.

Emphasis of Matter Paragraphs

We draw attention to the following matters:

 Note 1.1 to the condensed interim financial statements, which states that the Company is no longer a going concern,

That appeal was later withdrawn on 29 March 2018 by the Company and a writ petition has been filed by the Company against the above mentioned Order which is pending in Lahore High Court, Lahore. Moreover, as per Notice no. The first notice by PSX in this regard was issued on 18 December 2017.

1.1 Non-going concern basis of accounting

Shortage of working capital and reduction in demand of finished goods resulted in the closure of Company's operations since 02 May 2011. The Company in its Annual General Meeting on 31 October 2011 decided to dispose of the property, plant and equipment of the Company. Whole of the property, plant and equipment have been disposed of uptill 30 June 2019. During the period ended 31 December 2020, the Company has loss after taxation of Rupees 0.163 million. The Company has suffered accumulated loss of Rupees 559.898 million as on 31 December 2020 which has turned equity into negative balance of Rupees 286.630 million.

In view of the aforesaid reasons, the Company is not considered a going concern. These condensed interim financial statements have been prepared using the non-going concern basis of accounting on the basis of estimated realizable / settlement values of the assets and liabilities respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies adopted in the preparation of these condensed interim financial statements are consistent with those applied in the preparation of the audited financial statements of the Company for the year ended 30 June 2020.

2.1 Basis of preparation

2.1.1 Statement of compliance

- a) These condensed interim financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting. The accounting and reporting standards as applicable in Pakistan for interim financial reporting comprise of:
- International Accounting Standard (IAS) 34 'Interim Financial Reporting', issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017; and

Where the provisions of and directives issued under the Companies Act, 2017 differ with the requirements of IAS 34, the provisions of and directives issued under the Companies Act, 2017 have been followed.

b) These condensed interim financial statements do not include all the information required for full financial statements, and should be read in conjunction with the Company's audited financial statements for the year ended 30 June 2020.

2.1.2 Accounting convention

These condensed interim financial statements have been prepared using the non-going concern basis of accounting on the basis of estimated realizable / settlement values of the assets and liabilities respectively. In realizable / settlement value basis, assets are carried at amount of cash and cash equivalents that could currently be obtained by selling the assets in an orderly disposal. Liabilities are carried at their settlement values, that is the undiscounted amounts of cash or cash equivalents expected to be paid to satisfy the liabilities in the normal course of business.

2.1.3 Critical accounting estimates, judgments and financial risk management

The preparation of these condensed interim financial statements requires management to make judgments, estimates and assumptions which affect the application of accounting policies and the reported amounts. Actual results may differ from these judgments, estimates and assumptions.

During the preparation of these condensed interim financial statements, the significant judgments made by the management in applying the Company's accounting policies and the key sources of estimation and uncertainty were the same as those that applied in the audited financial statements of the Company for the year ended 30 June 2020.

Analysis of upside not recognized in the profit or loss on assets during the period:

Expected profit on disposal of operating fixed assets (Note 5) of the Company shall be Rupees 0.250 million. Hence, there is an upside of Rupees 0.250 million not recognized in the profit or loss on operating fixed assets.

The Company have no items that it plans to sell that the Company have not previously recognized in these condensed interim financial statements.

2.1.4 Financial risk management

The Company's financial risk management objectives and policies are consistent with those disclosed in the audited financial statements of the Company for the year ended 30 June 2020.

3.1 As per the terms of the respective sanction advice, the borrowing facilities from The Bank of Punjab were expired on 31 July 2011 and not renewed. The Bank has filed a suit in Lahore High Court, Lahore against the Company for the recovery of principal amount and accrued mark-up of these facilities. However, the Bank has provided No Objection Certificate for vacation of charge on assets, as per the order of Lahore High Court, Lahore dated 09 October 2013 on deposit of Rupees 120 million with Deputy Registrar (Judicial) of Lahore High Court, Lahore.

The Bank in its direct halance confirmation letter to the auditors as at 30 June 2020 have claimed principal balance outstanding of Rupees 153,165,844 against Rupees 148,199,412 appearing in books of account of the Company as at 30 June 2020 and claimed mark-up payable on borrowings of Rupees 97,825,835 against Rupees 63,745,054 appearing in books of account of the Company as at 30 June 2020. Hence, the Bank has claimed Rupees 4,966,342 excess on account of principal outstanding and Rupees 34,080,781 on account of mark-up payable from the Company. The Company has not recognized the excess claims of the Bank in these condensed interim financial statements based on opinion of its legal advisor. As per legal advisor of the Company, even in worst scenario, if the suit of Bank is decreed, even then the same cannot be decreed beyond the claimed amount of Bank as stated in the Bank's recovery suit. Moreover, the Bank is not entitled to any mark-up from the date of default as alleged in the plaint of its recovery suit and at the most Bank can be granted cost of funds at the rate of State Bank of Pakistan's provided rate of cost of funds. Therefore any exaggerated claim of Bank more than its claimed amount in suit, is untenable at this moment. Furthermore in view of this opinion by the legal advisor, the Company has not charged further mark-up on these borrowings from the year ended 30 June 2019.

Another writ petition was filed by the Company against the indulgence of National Accountability Bureau (NAB) by The Bank of Punjab in Lahore High Court, Lahore. That writ petition was allowed by Lahore High Court, Lahore on 24 December 2018. 8. RECOGNIZED FAIR VALUE MEASUREMENTS - FINANCIAL INSTRUMENTS

(i) Fair value hierarchy

The judgments and estimates are made in determining the fair values of the financial instruments that are recognized and measured at fair value in these condensed interim financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into three levels. An explanation of each level follows underneath the table:

Recurring fair value measurements	Level 1	Level 2	Level 3	Total
At 31 December 2020 (Un-audited) Financial assets		R	UPEES	
At fair value through profit or loss	2,972,647		-	2,972,647
At 30 June 2020 (Audited) Financial assets				
At fair value through profit or loss	2,670,531	_	-	2,670,531

The above table does not include fair value information for financial assets and financial liabilities not measured at fair value if the carrying amounts are a reasonable approximation of fair value. Due to short term nature, carrying amounts of certain financial assets and financial liabilities are considered to be the same as their fair value.

There were no transfers between levels 1 and 2 for recurring fair value measurements during the half year ended 31 December 2020. Further there was no transfer in and out of level 3 measurements.

The Company's policy is to recognize transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

- **Level 1**: The fair value of financial instruments traded in active markets is based on quoted market prices at the end of the reporting period. These instruments are included in level 1.
- **Level 2**: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

(ii) Valuation technique used to determine fair values

Valuation technique implemented to value financial instruments is the use of quoted market prices.
